Life in the Spirit

Dec 5th: Mark 1:1-13  
Beginning

Contextual Bible Study (CBS) is a clear and simple method of group Bible Study, which inspires good discussion and thoughtful reflection. CBS aims to listen to the stories and wisdom of the Scriptures speaking from within their contexts to ours', discerning God's message of salvation for individuals and for social transformation. The method of Contextual Bible Study was developed through the struggle against apartheid in South Africa.
